ACA 8000C PREM (2.34kW) Mobile Air Conditioner

The ACA 8000C PREM Mobile Air Conditioner offers air conditioning, dehumidifier and fan options, a remote control and programmable 24-hour timer. This space saving, self-contained unit is straight to use out of the box and simply requires siting adjacent to a window that opens at around hip height for heat dissipation through the supplied exhaust duct. 4 durable castor wheels and integrated side handles allow for easy mobility meaning the unit can be moved from room to room as and when required. The digital control panel allows for quick and easy operation.

- Recycling of condensing water improves cooling efficiency
- Automatic-diagnosis function and programmable 24 hour timer
- Over-cold prevention function
- Remote control
- Exhaust hose length - MAXIMUM 1.5m
- Product Dimensions (mm): 678x378x305
- Net weight (kg): 19
- Carry handle(s): Yes
- Colour: White
- Control panel: Yes
- EER for Cooling (R410a): 2.63 W/W
- Fan Speeds: 2
- Fish tail window nozzle supplied: Yes
- Fitted castors/wheels: Yes
- Input power cool (W): 891
- Internal oscillating louvres: Manual
- LCD display: Yes
- Noise level (dB(A)): 53 (Low) 54 (High)
- Refrigerant charge: R290/150g
- Remote control: Yes
- Timer (hours): 24
